## Summary

I recently took a career break to embark on an exciting journey into the world of web development. During this time, I dedicated myself to mastering a wide range of skills, including HTML, CSS, JavaScript, Bootstrap, REST APIs, Node.js, and so much more. Along the way, I achieved the AWS Cloud Solutions Architect Associate Certificate, demonstrating my commitment to cloud infrastructure and architecture. I recently completed UC Berkeley's Full Stack Web Development Bootcamp, where I expanded my knowledge and skills in the ever-evolving tech landscape. I am passionate about creating user-friendly and visually appealing web experiences and am eager to step into a fulfilling career in the tech industry. With a strong foundation in these technologies and a commitment to continuous learning, I'm ready to contribute to innovative projects and make a meaningful impact in the field of web development.

## Experience

### Restaurant/Catering Manager

BobbyQ's

Jul 2021 - Dec 2022 (1 year 6 months)

As a Restaurant/Catering Manager, your role encompasses a wide range of responsibilities, including staff management, ensuring exceptional customer service, overseeing daily operations, compliance with health and safety standards, event coordination (for catering managers), vendor relations, financial reporting, and leadership and training. Success in this role requires strong interpersonal and organizational skills, a commitment to delivering exceptional service, and the ability to drive the overall success of the establishment through effective management and leadership.

### Detention Officer

Maricopa County Sheriff's Office

Jan 2017 - Jul 2021 (4 years 7 months)

### Commercial Account Manager

Ford Motor Company

2015 - 2017 (2 years)

Worked and maintained a partnership with successful companies that needed a fleet of commercial vehicles and any services they may need

## Education

### UC Berkeley Extension

Full Stack Web Development Certification, Computer Science

Sep 2023 - Dec 2023

UC Berkeley's Full Stack Web Development Bootcamp is an intensive, immersive program designed to equip aspiring developers with the skills and knowledge needed to build dynamic and interactive web applications from start to finish. Through a comprehensive curriculum, participants learn both front-

end and back-end development technologies, mastering languages such as HTML, CSS, JavaScript, and various frameworks and libraries. This transformative experience fosters problem-solving abilities, teamwork, and project management skills, preparing students for rewarding careers in the ever-evolving world of web development.

## **Glendale Community College**

### **General Studies**

Aug 2016 - Dec 2016

In my college studies focused on general education, I've had the privilege of delving into a diverse range of subjects. These courses have enriched my knowledge across multiple disciplines, fostering critical thinking, research skills, and a well-rounded perspective on the world. From literature and history to mathematics and the sciences, I've gained an appreciation for the interconnectedness of human knowledge. My general studies have not only expanded my intellectual horizons but have also honed my ability to adapt, learn, and engage with various subjects and ideas, preparing me for a lifetime of continuous learning and informed decision-making in a complex and ever-changing world.

## **Licenses & Certifications**
